Annual Reports of the Town of Seabrook

New Hampshire

1984

**For the Year Ending December 31st
As Compiled by the Town Officers**

CIRCA 1918

O.U.A.M. HALL

The Order of United American Mechanics (O.U.A.M.) was organized in Seabrook on April 12, 1892. This chapter of the O.U.A.M. was called the Governor Weare Council #15.

The principles of this organization were "to maintain free representative government, to war against vice in any form, to uphold our American system of general education, the protection of the interests of all Americans, and the restriction of immigration."

In 1912, the Governor Weare Hall Association was incorporated. The subject of this corporation was "to build and maintain a Hall for the use of Gov. Weare Council No. 15 Order of United American Mechanics of Seabrook, New Hampshire, and to rent the said Hall for whatever purposes said Corporation may vote, and to turn over all proceeds received over and above the cost of said Hall and running expenses to said Gov. Weare Council No. 15."

The following members signed the incorporation papers:

Lincoln L. Brown (1868-1929)	
son of Sylvester L. Brown & Martha D. Clough,	Seabrook, NH
William E. Walton (1843-1935)	
son of Jonathan Walton & Mary Beckman,	Hampton Falls, NH
Stephen W. Watts	Seabrook, NH
William L. Boyd (1859-1942)	
son of John P. Boyd & Nancy Eaton,	Seabrook, NH
Samuel A. Brown (1889-1975)	
son of Charles C. Brown & Emeline Follansbee,	Seabrook, NH
Romie E. Eaton (1889-1935)	
son of Jacob F. Eaton & Eliza A. Souther,	Seabrook, NH
Harry E. Dow (1884-1941)	
son of Alfred N. Dow & Helen F. Fowler,	Seabrook, NH
George F. Brown	Hampton Falls, NH
James H. Creighton	Hampton Falls, NH
Charles I. Akerman (1879-1935)	Hampton Falls, NH

The O.U.A.M. Hall was used by the residents of Seabrook as a dance hall, movie theatre, grange hall, church supper hall, post office, court house, selectmen's office, barber shop, grocery store.

The building shown above was burned on January 14, 1922. Shortly afterward, the O.U.A.M. rebuilt the hall. In the early 1970s it was sold, and converted to a professional building. It is located on the west side of Lafayette Rd. next to the Governor Weare Apartment Building Complex.

Motion by James C. Falconer, second by Frederick B. Felch, to adopt Article 38 as read.

Amendment by Warner Knowles, second by Frederick B. Felch, to read Forty Five Thousand (\$45,000) Dollars.

Article as amended passed. ADOPTED

ARTICLE 39: read by the Moderator, "To see if the Town will vote to raise and appropriate the sum of Twenty Thousand (\$20,000) Dollars for hottopping, landscaping and other improvements at the Veteran's Memorial Park."

Motion by Vernon R. Small, second by James C. Falconer, to adopt Article 39 as read. ADOPTED

ARTICLE 40: read by the Moderator, "On petition of Nancy S. Crossland and Thirty Four (34) other legal voters of the Town: To see if the Town will vote to authorize the Selectmen to appoint a committee of three residents to study the feasibility of an enclosed in ground swimming pool and all necessary equipment, said pool to be located at the new recreation center on Lafayette Road."

Motion by Nancy S. Crossland, second by Frederick B. Felch, to adopt Article 40 as read. ADOPTED

ARTICLE 41: read by the Moderator, "To see if the Town will vote to

raise and appropriate the sum of Six Thousand Three Hundred Twenty One (\$6,321) Dollars to purchase a communications system for the Civil Defense Department."

Motion by James C. Falconer, second by Frederick B. Felch, to adopt Article 41 as read. ADOPTED

ARTICLE 42: read by the Moderator, "To see if the Town will vote to raise and appropriate the sum of Twelve Thousand Six Hundred Fifty (\$12,650) Dollars for the purpose of purchasing a low-bed trailer to haul our equipment over the road, instead of driving the vehicles, for the Highway Department."

Motion by Vernon G. Dow, second by Arthur Leverone, to adopt Article 42 as read. ADOPTED

ARTICLE 43: read by the Moderator, "To see if the Town will vote to raise and appropriate the sum of Twenty Five Thousand (\$25,000) Dollars for the purpose of purchasing a four wheel drive diesel farm tractor to tow the town beach rake."

Motion by Arthur Leverone, second by Vernon G. Dow, to adopt Article 43 as read. ADOPTED

ARTICLE 44: read by the Moderator, "To see if the Town will vote to raise and appropriate the sum of Twenty Two Thousand (\$22,000) Dollars for the purpose of purchasing a backhoe for the Highway Department, the present backhoe to be traded."

Motion by Vernon G. Dow, second by Arthur Leverone, to adopt Article 44 as read. ADOPTED

ARTICLE 45: read by the Moderator, "To see if the Town will vote to raise and appropriate the sum of Forty Two Thousand (\$42,000) Dollars for the purpose of purchasing a six wheel diesel dump truck, including wing and plow, for the Highway Department."

Motion by Arthur Leverone, second by Vernon G. Dow, to adopt Article 45 as read. ADOPTED

ARTICLE 46: read by the Moderator, "On petition of Alton A. Leeming and fourteen (14) other legal voters of the Town of Seabrook, to^{see} if the Town will vote to raise and appropriate the sum of Ten Thousand (\$10,000) Dollars for the purpose of installing four catch basins and necessary drainage pipes to provide the storm drainage at Pine Cone Drive."

Motion by Alton A. Leeming, second by Katherine Casper, to adopt Article 46 as read. ADOPTED

ARTICLE 47: read by the Moderator, "On petition of Marilyn C. Erickson and one hundred sixty (160) legal voters of the Town of Seabrook: To see if the Town will vote to raise and appropriate the sum of Twenty Five Thousand (\$25,000) Dollars to raise and gravel Cross Beach Road to a width of sixteen (16) feet from its beginning at Route 1A running westerly to the end thereof."

Motion by Robert Erickson, second by Vernon R. Small, to adopt Article 47 as read.

Motion by Clyde O. Brown, second by Arthur Fortin, to amend Article 47 to Fifty Thousand (\$50,000) Dollars. Article as amended passed.

ADOPTED

ARTICLE 48: read by the Moderator, "On petition of Earl S. Perkins and fifty eight (58) other legal voters of the Town: To see if the Town will vote to raise and appropriate the sum of Sixty Five Thousand (\$65,000) Dollars to install sidewalks on Lafayette Road, Railroad Avenue, Walton Road, Farm Lane, and any other streets as funds permit; to survey and acquire easements as necessary; said sidewalks to be constructed and maintained by the Highway Department."

Motion by Earl S. Perkins, second by E. Albert Weare, to adopt Article 48 as read. ADOPTED

ARTICLE 49: read by the Moderator, "On petition of Anthony G. Dow and fifteen (15) other legal voters of the Town: To see if the Town will vote to raise and appropriate the sum of Eight Thousand Eight Hundred (\$8,800) Dollars to purchase the necessary materials and pipes, install catch basins and secure easements, if needed, to install underground drainage on Adams Avenue, beginning at a point easterly of the residence of William Dow and running easterly approximately 900 feet."

Motion by Clyde O. Brown, second by Vernon G. Dow, to adopt Article 49 as read. ADOPTED

ARTICLE 50: read by the Moderator, "To see if the Town will vote to raise and appropriate the sum of Six Thousand Five hundred (\$6,500) Dollars to purchase new hose for the Fire Department."

Motion by James C. Falconer, second by Frederick B. Felch to adopt Article 50 as read. ADOPTED

ARTICLE 51: read by the Moderator, "To see if the Town will vote to raise and appropriate the sum of Thirteen Thousand Five Hundred (\$13,500) Dollars to replace the present in house generator at the fire station."

Motion by James C. Falconer, second by Frederick B. Felch, to adopt Article 51 as read. ADOPTED

ARTICLE 52: read by the Moderator, "On petition of Arthur F. Leverone and fifteen (15) other legal voters of the Town: To see if the Town of Seabrook shall call upon the Governor and Executive Council, its State Representatives and State Senator to promptly convene a Special Session of the Legislature for the sole purpose of preventing the imposition of huge cost increases in electric rates resulting from the Seabrook Nuclear Power Plant on the citizens, businesses, schools and agencies in the Town of Seabrook, and to direct the Selectmen to promptly notify our above listed elected officials of the Town's desire."

Motion by Arthur Leverone, second by Robert ERickson, to adopt Article 52 as read. DEFEATED

ARTICLE 53: read by the Moderator, "On petition of Anne M. Watts and thirty-three (33) other legal voters of the Town: To see if the Town will vote to adopt the following ordinance: Poles for affixing lines and wires for the above ground transmission of electricity, cable TV, and telephone shall be permitted to be installed on the public ways and streets of the Town, but lines and wires from the overhead lines and wires to the premises serviced shall be underground unless the Board of Selectmen shall permit an exception on finding that such permission would not be detrimental to the public health, safety and welfare."

Motion by James C. Falconer, second by Robert Godbout, to postpone

Article 53 indefinitely. POSTPONED INDEFINITELY

ARTICLE 54: read by the Moderator, "On petition of Patricia W. Martel and ten (10) other legal voters of the Town: To see if the Town will vote to raise and appropriate the sum of Five Hundred (\$500) Dollars to help defray the expenses of the Seacoast Big Brother/Big Sister organization in the Town of Seabrook."

Motion by Vernon R. Small, second by Diana Randall, to adopt Article 54 as read. ADOPTED

ARTICLE 55: read by the Moderator, "To see if the Town will ^{vote to} adopt the ~~Capitol~~ Improvement Program as prepared by the Seabrook Planning Board in 1983, and further to authorize the Planning Board to prepare and amend any future recommended program of municipal capital improvement projects in accordance with RSA 674:5."

Motion by James C. Falconer, second by Frederick B. Felch, to adopt Article 55 as read. ADOPTED

ARTICLE 56: read by the Moderator, "To see if the Town will vote to raise and appropriate the sum of One Hundred Thousand (\$100,000) Dollars to add to the Capital Reserve Fund, known as the "Motor Vehicle Fund."

Motion by James C. Falconer, second by Frederick B. Felch, to adopt Article 56 as read. ADOPTED

ARTICLE 57: read by the Moderator, To see if the Town will vote to raise and appropriate the sum of Five Hundred Thousand (\$500,000) Dollars for the purpose of adding said amount to the Capital Reserve Fund, known as the "Municipal Building Fund?"

Motion by James C. Falconer, second by Frederick B. Felch, to adopt Article 57 as read. ADOPTED

ARTICLE 58: read by the Moderator, "To see if the town will vote to establish a Capital Reserve Fund to be known as the "Sewer Fund" for the purpose of constructing a municipal sewer system or sewerage treatment works including the purchase of land therefore, and to raise and appropriate the sum of Five Million (\$5,000,000) Dollars to be deposited in said fund."

Motion by Bruce G. Brown, second by John DeMarco, to adopt Article 58 as read. ADOPTED

Amendment by Clyde O. Brown, second by E. Albert Weare, to amend Article 58 to read Two Million (\$2,000,000) Dollars.

ARTICLE AS AMENDED PASSED. ADOPTED

ARTICLE 59: read by the Moderator, " To see what sums of money the Town will vote to raise and appropriate for the expense of the General Government for the protection of persons and property, for health and sanitation, for highways and bridges, for the support of the Town Poor and for all necessary expenditures for the ensuing year."

Motion by James C. Falconer, second by E. Albert Weare, to adopt \$9,219,921 Dollars as the Total Budget.

Motion by Clyde O. Brown, second by John DeMarco, to open Budget for discussion. HAND VOTE YES 77 NO 37
MOTION PASSED

Discussed was the Police Department , Fire Department and Town Maintenance. No action was taken.

Total Budget voted \$9,219,921.

Motion by James Champoux, second by Frederick B. Felch, to have the Selectmen appoint a committee to look into the use of or disposition of the CHASE HOMESTEAD.

MOTION PASSED

Motion by Virginia L. Fowler, second by James C. Falconer, to adjourn this meeting. MOTION PASSED

Meeting adjourned at 10:10 PM.

SPECIAL TOWN MEETING

NOVEMBER 8, 1984

COMMUNITY CENTER

Meeting called to order by Moderator Stanley A. Hamel at 7 PM.

Warrant read by Moderator Stanley A. Hamel.

Article 1 - read by Moderator "Disposal of and transportation of solid waste".

Motion by James C. Falconer, second by Frederick B. Felch to accept Article 1 as read.

Question of a quorum by Asa A. Knowles Jr. Hands counted only 54 present. Selectmen suggest a 15 minute recess.

Fifteen minute recess taken and still not a quorum.

Motion by James C. Falconer, second by Frederick B. Felch to adjourn to the Community Center, Thursday, November 15, 1984 at 7 PM.

MOTION CARRIED

Meeting adjourned at 7:30 PM.

ADJOURNED SPECIAL TOWN MEETING

NOVEMBER 15, 1984

COMMUNITY CENTER

Meeting called to order by Moderator Stanley A. Hamel at 7 PM.

A request by the Moderator Stanley A. Hamel to count all registered voters of the Town of Seabrook present in this hall.

Total registered voters present: 94 NO QUORUM

Motion by James C. Falconer, second by Frederick B. Felch to adjourn this meeting with no further action.

Special Town Meeting adjourned at 7:10 PM.

SELECTMEN'S REPORT

The purpose of this report is to inform the residents of Seabrook of the achievements and problems encountered during 1984 and the goals planned for the ensuing year.

The financial difficulties experienced at Seabrook Station had an immediate effect on all aspects of town government. Since this facility is worth about 90 per cent of the property value of the town, it has been paying the same proportionate share of the town's property taxes. When it came time for the town to borrow money in anticipation of taxes, the banking community was reluctant to lend to the town the \$5 Million Dollars which it needed in order to complete the special projects authorized by the annual town meeting in March. We were only able to borrow \$1.3 Million Dollars which represented the non-Seabrook Station property owners.

As a result, we had to impose a freeze on all capital projects in addition to cutting back on some operating budget funds. By the end of October our funds were nearly depleted; however, we were able to stay in the black by holding payments for several weeks on billings and by issuing the property tax bill during the first week in November. The revenues from the property taxes came in quickly, and we were soon able to pay off our debts in a timely manner. We extend our thanks to all those residents who assisted us during this difficult time by paying their tax bills promptly. A majority of the Board endorsed the semi-annual property tax bills to avoid any future cash flow shortages.

The health problems which have existed at several of the apartment complexes have finally received some positive action. The Leisure Living Apartments were ordered to install a new sewage system, and the Park Place Apartments are currently reconstructing their own system, in addition to receiving a significant fine for failure to correct their system.

We have found an increasing amount of our time must be spent with union negotiations, employee grievances and personnel matters. We completed negotiating a two year contract with the Seabrook Permanent Fire Fighters Association in the spring and in the late fall we began renegotiating a two year contract with the Seabrook Police Association. Our town counsel was delegated with the responsibility of negotiating union contracts for us. During the year we handled five grievances--four from the police union and one from a non-union employee. Adjustments were made in the pay scale so that part-time employees are on a forty month pay scale, and a pay increase of 3.5 per cent (Consumer Price Index) was given to all town employees.

A part-time Welfare Agent and Civil Defense Director were hired, along with a new building inspector, and a two year contract was signed with the Administrative Assistant and a one year contract was renewed with the Mosquito Control Director.

We encountered numerous violations of our zoning ordinance which consisted of violations in the following categories--junk cars, lot lines, living units, site review plans, frontage, and setbacks. All

infractions were pursued either by the owners eliminating the violation or by seeking a variance from the Board of Adjustment. We established a policy whereby a building permit cannot be issued until forty-eight hours after the application is submitted to the Building Inspector. Two hearings were held in which a member of the Board of Adjustment was removed for not meeting the residency requirement, and a member of the Planning Board was removed for non-attendance.

During the summer a plan was again instituted to provide parking for both beach and uptown residents. Public toilets were set up next to the police station and overall the program seemed successful; however, we intend to have a fifteen space parking lot constructed on a strip of town owned land on Atlantic Avenue. We have also had all of the town rights of way to the oceanfront surveyed, and it has been found that over the years there have been many encroachments on this town property. It is our intention to resolve this matter in 1985.

The Conservation Commission was delegated with the responsibility of negotiating the purchase of the sand dunes on the west side of Route 1A. This project has been held up temporarily due to a decision of the New Hampshire Wetlands Board to grant a permit for the construction of a lot on the dunes which the town wishes to purchase. The Town is asking the Court to remand this decision back to the Wetlands Board for a rehearing. During the summer several residents on the oceanfront side of Ocean Drive petitioned the Wetlands Board for a permit to excavate an extensive amount of beach sand from in front of their homes so that their seawalls would protect their homes from winter storms. A professor from the University of Maine was hired by the town as an expert witness for both cases. The Wetlands Board denied the request to remove the beach sand which was on town property.

We have good news for those residents who have been asking to purchase grave sites at the Wildwood Cemetery. As a result of research conducted at the Registry of Deeds and a recent survey, a total of about 280 grave sites have been located on the west side of this cemetery.

In November, a well attended ceremony was held at the Wildwood Cemetery to dedicate the new Civil War Monument which was destroyed by vandals about a year earlier. The new statue is made of bronze and is an exact replica of the original one placed there in 1913.

With regard to town roads, the Highway Department was able to open up the Ledge Road which extends from Blacksnake Road to Batchelder Road. Although this road consists only of a gravel base, it now allows emergency vehicles to have a more direct route to the residential areas in the west section of town. We took action to place gates and bars at a certain point on the Old New Boston Road. Residents in that area were being bothered by nonresidents using this road as access to the gravel pits at the end of that road.

We held several meetings with citizens to try to resolve the problems encountered by users of Cable Vision. Complaints have been received about unauthorized rate increases and original deposits on converter boxes. Our legal counsel has advised that new federal regulations have been passed concerning Cable services and we have been

advised to renegotiate a new franchise with this company once the regulations are printed.

We initiated several organizational steps for our regular meetings, including a set of rules of order as directed by the town charter and holding monthly meetings with department heads. In order to streamline the efficiency of the major departments, we have directed that a special study be conducted on the organization of the police, water, fire, and highway departments. To date, the New Hampshire Police Chief's Association has started its study of the police department. We are hoping that the results of this study can be used effectively when the plans are drafted for the new police station.

During this past year, we have created many short and long term goals to be accomplished for 1985 and 1986. Among the many projects which we would like to see through to completion are the following: the preserving and strengthening of our zoning ordinance, the creation of a Department of Public Works, the construction of a new police station, a long term solution to our solid waste problem, a drainage system along all town roads, the revision of the town personnel policy and a revised pay plan, the purchase of an office computer, the construction of Ledge Road, Lower Collins Street, and Cross Beach Road, the codification of our town regulations, and the hiring of a Labor Relations Negotiator-Personnel Director.

We want to thank all of the members of special committees and commissions and all town employees and department heads who have worked to make this a successful year.

Respectfully yours,

James C. Falconer, Chairman

Frederick B. Felch

ADMINISTRATIVE ASSISTANT'S REPORT

I believe it is important that the residents of Seabrook understand the role of the Administrative Assistant (AA) in the daily operation of the town government.

One of the most important functions is in the financial area. The Administrative Assistant works closely with the Treasurer compiling cash flow projections so that the Treasurer will know how much money to reinvest at one time and the time period for reinvestment. In the past the town has had to borrow money in anticipation of taxes. It is the task of the AA to compile statistical information in order for the bank to publish a disclosure of the town's financial status; this document is distributed to the banks participating in the bidding process for the Tax Anticipation Notes.

In addition, the AA must also complete a Statement of Appropriations form along with other information in order for the Department of Revenue Administration to establish the town's tax rate in the fall. The AA has the job of coordinating all departmental budgets into booklet form for the Budget Committee, as well as developing budgets for the following accounts--Town Office Salaries, Town Office Expense, Town Hall, Office Clerks, Human Services, Old Age Assistance and Aid to Permanently and Totally Disabled, Interest on Temporary Loans, Retirement and Social Security, and Insurance.

Two additional responsibilities were delegated to this office in 1984--implementing the Financial Freeze and the Capital Improvement Program. The AA coordinated the freeze with the Selectmen. Items appropriated in the operating budget and special article accounts, totaling \$5,000,000, were delayed. This information was distributed to all department heads who cooperated during this difficult time. This program required regular cash flow projections and monthly monitoring of expenditures.

The 1984 annual town meeting directed the Selectmen to initiate a Capital Improvement Program. This program was the first step taken by the town to make long-range plans for capital improvements. All department heads, committees and agencies funded by the town were asked to submit projected capital projects of over \$10,000 which might be required over the next six years. The Selectmen set priorities for the projects, which were then referred to the Planning Board, whose task it was to determine whether or not the proposals fell in line with the recommendations of the Town's Comprehensive Plan. The Planning Board's action and comments were then turned back to the Selectmen, who then submitted the proposals to the Budget Committee in the form of special warrant articles.

Another duty of the AA is to apply for available federal funds. Four projects have been applied for through the Coastal Zone Management Grant Program-- a management plan for the sand dunes (\$10,000), engineering plans for Cross Beach Road (\$12,000), mapping of the town's prime wetlands (\$12,000), and the dredging of the Farm Lane Canal (\$62,000).

From time to time the AA is required to conduct research for the

Selectmen on major projects. This year there were four prime projects which the Administrative Assistant handled--solid waste disposal, director of public works, codification of town regulations and revenue sharing survey.

With the refusal of SCA Services Inc. to renew its five year contract with the Town, the AA was charged with arranging for the disposal and hauling of the town's solid waste with other companies. Proposals were received from four businesses--Refuse Fuels in Haverhill, Massachusetts; Browning-Ferris Industries in Portsmouth, New Hampshire; Northeast Solid Waste Committee in North Andover, Massachusetts; and Lakes Region Disposal Company in Rochester, New Hampshire. Both the Road Agent, Selectmen, and the AA visited the landfill site in Rochester and the Waste to Energy site in Haverhill.

Much research was conducted to discover how towns from Concord, New Hampshire, to northeastern Massachusetts were handling their waste disposal problems. The AA attended a day long seminar in Concord, New Hampshire, on Waste to Energy facilities and a two day annual meeting of the New Hampshire Municipal Association, where much information was obtained on this subject.

The town of Seabrook has been made a member of the Portsmouth Solid Waste District, and the AA secured approval from this District for a sub-district plan, so that Seabrook could enter into a long term contract with the facility at Haverhill. In addition, the AA participated in the negotiations with town counsel on the contract with Refuse Fuels.

The Selectmen are sponsoring a proposal to create a Department of Public Works, which will combine the water, cemetery, solid waste, parks, street light departments, and street drainage under a Director of Public Works. The AA contributed to this program by preparing an organizational chart of the proposed department, an outline of the responsibilities and job description of the Director and revised the job descriptions of the Road Agent, Public Works Foreman, and the Water Foreman.

The town charter directed the Board of Selectmen to have all town regulations codified into one booklet. The 1984 town meeting raised the funds to have this work completed. The Town Counsel and the AA were given the job of reviewing the proposed document with the representative of General Code Publishers Corporation of Rochester, New York, to determine what should be included in this book. The final recommendations were then turned over to the Selectmen for decision-making purposes.

The Town has annually received about \$150,000 in Federal Revenue Sharing Funds. In order for towns to continue to receive such funds, they must comply with the new Section 504 Handicapped Regulations. The AA attended a seminar in Concord in the spring, which outlined the Town's responsibilities. A survey of all town owned and town used buildings was conducted to see whether or not the town programs were being held in barrier free facilities. In addition, a grievance procedure was prepared for the Selectmen's endorsement, and public notices were issued verifying that the town did not discriminate against the handicapped.

During 1984 more than a dozen accident claims were processed by the AA's office to the Blake Insurance Company in Portsmouth. This process involves a notification to the insurance company in writing with accident reports and estimates of damages, along with follow up on the claims. The AA also reviews with the insurance agent financial and physical statistics of the town as part of the renewal process of the policies. The AA keeps an up to date file on certificates of insurance of local contractors performing services for the town. The certificate assures the town that any claim filed against a contractor performing work for the town will be made on the contractor's policy and not the town's. Additional policies were obtained as follows--workmen's compensation for the part time police patrolmen and a \$10,000 Accidental Death and Dismemberment and Life Policy for the Seabrook Fire Fighters. Another item coordinated by the AA is the surety bonds for town officials.

In the area of personnel, interviews were conducted with applicants for dump attendant, police dispatchers and fire chief's secretary. Tests were coordinated for job openings which included fire fighters, police patrolmen, and police sergeants. Public notices were posted for openings on the Board of Adjustment, Welfare Agent, and Housing Authority. The AA also responded to five employee grievances.

The AA prepares many written materials and documents for the Selectmen. Sections of the Fire Fighter's contract were rewritten and a contract was prepared for the Civil Defense Director. Forms were created for the biannual inventory of town property, junk yard permits, and revision of the building permit application and occupancy permits, in addition to the Parking Ban Ordinance and the Procedures for Bonding of Subdivision Development roads. The AA's office prepares a municipal directory of all town officials and committee members, and the AA drafts the Town Warrant and prepares the Annual Town Report for publication.

The Administrative Assistant serves as a liaison with town counsel, relaying information to the town attorney on legal questions asked by the Selectmen and on court cases.

The AA coordinated the beach parking plan with the road agent and police department, forwarded citizen complaints to the proper department heads, and organized the weekly agenda for the Selectmen's meeting.

Some of the goals I would like to see implemented by this office in 1985 include the revision of the current personnel policy, the installation of a small business computer for the town hall, the town's compliance with the handicapped regulations of Revenue Sharing, and a study and rebidding of the town's insurance policies.

I would like to extend my appreciation to the employees at the town hall, department heads, committee members and selectmen for cooperating and assisting me during this past year.

Sincerely,

Eric N. Small

SOLID WASTE DISPOSAL REPORT

On May 30, 1984, SCA Services Inc. declined to renew its five year solid waste disposal contract with the town. Our temporary contract with Refuse Fuels Associates of Haverhill, Massachusetts, will expire on April 1, 1985.

Since then we have searched for a solution to our solid waste problem with the guidance of the New Hampshire Bureau of Solid Waste and the New Hampshire Resource Recovery Association. We have found four companies which will do business with us, as follows:

Refuse Fuels

Haverhill, Massachusetts
Waste to Energy
5-20 year contract
Haul & Dispose Waste
\$36.50 per ton

Advantages:
Distance
Term of Contract
Controlled Price with an adjusted
CPI escalator

Disadvantages:
Price during first few years

Lakes Region Disposal Co., Inc.

Rochester, New Hampshire
Landfill
5-20 year contract
Haul & Dispose Waste
\$39.00 per ton

Advantages:
Term of Contract

Disadvantages:
Distance
Cost--Straight CPI, plus increases
in gate fee
Landfill

BFI Waste Systems

Portsmouth, New Hampshire
Waste to Energy
3 year contract
Haul & Dispose Waste
\$35.50 per ton

Advantages:
Distance
Price

Disadvantages:
Term of Contract--uncontrolled price
at the end of 3 years--Straight CPI

North East Solid Waste Committee

North Andover, Massachusetts
Waste to Energy
20 year contract
Dispose Waste
\$25-40 per ton

Advantages:
Term of Contract

Disadvantages:
Distance
Cost doesn't include hauling

We recommend a 20 year contract with Refuse Fuels Associates. A long term contract will control the annual costs and will guarantee the town a place for waste disposal (3,500 tons per year). In the long run we believe Refuse Fuels will be our least expensive option, as its formula for a yearly increase in costs is based on an adjusted annual Consumer Price Index; whereas the BFI Waste Systems requires a straight, annual CPI increase and the Lakes Region Disposal Co., Inc. has the same formula along with increases due to gate fee costs.

Although the proposal to haul our waste to Portsmouth offers the best price of the four options, we will have to negotiate a new agreement at the end of three years at an unknown price.

We hope you will review this information carefully and respond with questions about our research and this proposal prior to voting on these options at the adjourned town meeting on March 14.

Respectfully yours,
James C. Falconer, Chairman
Frederick B. Felch
Earlene U. Locke

1984 SUMMARY INVENTORY OF VALUATION

It is the policy of the Board of Selectmen to retain marshland for conservation purposes.

ASSESSING DEPARTMENT

Current Ratio of Assessments to Market Price

State of New Hampshire Department of Revenue Study in Seabrook, placed the ratio about 74%. The Town of Seabrook continues to have an inflationary trend in real estate values and a strong market demand.

New Construction

New construction and additions to existing construction for 1984 amounted to 260 property additions. At the current rate of permit applications and continued additional construction it is expected that we will exceed the 1984 property additions this coming spring for the tax year 1985.

Public Service Company vs. Town of Seabrook

Public Service Company has contended that the assessments for the years 1978 through 1984 have been excessive, unjust and unfair. The litigation against the Town of Seabrook has finally worked its way up to the docket of the New Hampshire Supreme Court for final decision. The Town of Seabrook is confident that it will fare well in the final outcome. The Town of Seabrook Assessing Department has followed the strictest professional appraisal practices that we possibly could. As a matter of fact, we have done considerable research into appraisal practice and procedure to be sure that we did so.

Mobile Home Values and Assessments

Market sales studies both by the State of New Hampshire appraisal division and the town Assessing Department indicate that mobile homes (manufactured housing) in parks and mobile homes on owner land or land of another, are accelerating in market value at a very rapid rate. The national average market increase is between 8% and 12% per annum, depending upon location. We believe that Seabrook is at the higher end of the growth statistics.

This phenomenon has many logical reasons, but what the statistics say is that if you purchased a mobile home on a site or lot just four years ago, you could probably sell it today for 48% more than what you bought it for. Based upon these happenings, some assessors in New Hampshire have reviewed and increased the assessment values of mobile homes in their jurisdictions.

The Assessing Department in Seabrook has decided not to do this, but depending upon the outcome of certain key court decisions it is possible that in the coming future the State of New Hampshire could require market adjustments.

Respectfully submitted,

Robert F. Quinn
Appraiser

BUILDING INSPECTOR'S REPORT

I started as the Building Inspector in October 1984. My job consists of upholding the Zoning Ordinance of the Town of Seabrook. These ordinances are designed to protect the land owners' rights from neighbors and vice versa. Also, my job is to assist the public to understand the Zoning Ordinances and to guide them in the right direction as far as the Planning Board and Board of Adjustment are concerned. I also act as a liaison between these boards and attend their meetings in case a question of zoning arises.

During the course of 1984 there were 221 building permits issued, with a total estimated value of 3,689,381.00 dollars. A further summary of figures for the year are:

17 single family residences valued at:	\$490,400
2 duplex homes valued at:	80,000
53 mobile homes valued at:	1,491,708
3 industrial buildings valued at:	889,000
4 mercantile stores valued at:	235,000
60 housing additions valued at:	228,840
26 garages valued at:	77,700
56 general permits valued at:	<u>196,733</u>
221 Building Permits valued at:	\$3,689,381

Thank you for your compliance with the Building Inspector and your patience with me.

Respectfully submitted,

Norman H. Brown
Building Inspector

SEABROOK BEACH VILLAGE DISTRICT REPORT

The Seabrook Beach Village District held their annual meeting on Tuesday, March 27, 1984, in the Warren West Memorial Building with Robert Gallahue, Moderator, conducting the meeting.

The following officers were elected:

Timothy Willis	Commissioner - 3 years
Dorothy L. Nicholson	Clerk - 1 year

Thomas J. Battles
John J. Dineen

Treasurer - 1 year
Moderator - 1 year

The precinct has its own Board of Adjustment with the following residents serving on the Board:

Mark Janos	Chairman
Thomas J. Battles	Vice Chairman
William Rathgeber	
Edmund Xavier	
Patricia O'Keefe	
Mary P. Vivenzio	Alternate
Dorothy Nicholson	Alternate

The Beach Commissioners meet in the Warren West Building once a month and the Seabrook Women's Club hold several of their meetings there also. The hall is also rented to townspeople for showers, receptions, etc. The building has also been used by members of the police department for some schooling as well as having meetings. The building was also used by the police department when they were booking individuals from "Operation Snowfall" which took place in January 1984.

In October the resignation of Commissioner Dennis Sheehan was accepted with regrets (due to a health problem). Thomas J. Battles was appointed to serve as a commissioner for the remainder of the year.

Respectfully submitted,

Timothy Willis

VILLAGE DISTRICT BUILDING INSPECTOR'S REPORT

35 Building Permits were issued for the year. Estimated building costs were \$504,510.

29 permits were for additions and renovations, 1 was for a swimming pool, and 5 were for new house construction.

Respectfully submitted,

Louis E. Janos
Village District Building Inspector

87	51	Cases presented to the Grand Jury

There were 735 parking tickets issued by the department in 1984 resulting in \$4,260 in fines collected.

Respectfully submitted,

Roy F. Crossland
Chief of Police

REPORT OF THE YOUTH SERVICES OFFICER

During the calendar year 1984 we had the following statistics:

- 50 New juvenile arrests
- 3 Repeat juvenile arrests
- 40 Juvenile cases entered into Hampton District Court
- 3 Run-aways who later returned unharmed to their homes

During the past year we continued with the practice of holding juvenile offenders accountable for their wrongdoings by having them work for the community in some way rather than just fining the parents. This practice will continue as we feel that it is working for the betterment of the child involved and also benefits the community. In addition to just picking up trash on town roads other projects were undertaken, such as cleaning up the wooded area around the Community Center, working to smooth out the B.M.X. track and cleaning the surrounding area. These projects directly benefit other youths in the community.

This past summer we had one cadet working for the police department. This young lady excelled at the police cadet academy held at St. Anselms College in Manchester, New Hampshire, and was named as the spokesman for the class. This was no doubt as much of an honor for this young lady as it is for the police department and the Town of Seabrook.

Toward the end of this year the department ordered and received some new materials to help educate young children about the dangers of strangers and how to avoid being hurt by strangers. We use an animated audio visual format to drive home important information to the children without scaring them. Also materials are sent home in the hopes that these will be looked at by the parents and again discussed with the child. This will be an ongoing program throughout the school year.

The department held its second annual auction and auctioned off were many unclaimed bicycles, and other items. There were some excellent buys and the storage trailer was once again cleaned out. The next auction will be during the month of June and we hope it will be well attended.

Respectfully submitted,

Howard P. Page III
Youth Services Officer

POLICE STATION BUILDING COMMITTEE

The Police Station Building Committee met several times during the year and maintained the three members who served on the site committee comprised of Earlene U. Locke, Chairman, Sandra Carey, Clerk, and Roy Crossland, Chief of Police. Two members were added to the committee, namely, Paul J. Cronin, former Chief of Police, and Marion B. Kinlock.

At one meeting the committee met with several architects who submitted plans for the new station. However, none proved to be what the committee felt would be suitable to meet the needs of the community. Another meeting was held and a Mr. Krause of C.M.K. Architects showed blueprints, floor plans, etc., for a police station his company was in the process of building. After a short discussion the committee voted to hire C.M.K. Architects to draw up plans for the proposed new police station.

Respectfully submitted,

Marion B. Kinlock
Clerk Pro-Tem

STREET LIGHT COMMITTEE

The Street Light Committee met several times during the early part of 1984 but after the "freeze" on spending went into effect it (the committee) was practically inactive for the remainder of the year.

Locations where residents had requested street lights were viewed and recommendations to the Board of Selectmen were made accordingly.

It was brought to our attention that the lighting of the highway (Route 1) near the Recreation Center was very bad. We spent considerable time watching people cross the road at that particular spot and

readily agreed better lighting was definitely needed. As a result the existing lights were changed to 400 watt sodium lights which have greatly improved the visibility in the area.

We also learned there were three lights in the Rocks Road area which were no longer on town property. We requested the termination of these three lights.

Three 100 watt mercury vapor lights were recommended for Ledge Road.

Removal of the bridge on Railroad Avenue made a drastic change on the street. That area was checked several times and each time we were of the same opinion. We recommended changing one light from the northerly side of the road to a pole on the south side plus the addition of three 100 watt mercury vapor lights.

The Board of Selectmen have approved all our recommendations but as of this report for 1984 the lights on Railroad Avenue have yet to be installed.

Respectfully submitted,

E. Albert Heare, Chairman
Marion B. Kinlock, Clerk

FIRE DEPARTMENT

Once again I would like to take this time to thank all the Department Heads and the Board of Selectmen for all the assistance they have given me throughout 1984.

The department has had a very busy year, and I praise the men for a job well done. I would like very much to thank the residents for their cooperation. Also, I am in hopes that at the Town Meeting the residents will support and vote for the Life Safety Code 101. Anyone having any questions, please feel free to contact me.

The new generator has been installed at the Fire Station; this will insure the best possible communications in case of power failure.

The "New Fire Station Committee" is working very hard. As you know, with the growth of the town, your Fire Department is also growing, and with growth you need more space.

With the continued success of the Seabrook Fire Department I hope to make this community a more safe and healthful town in which to live, and if given the privilege, I look forward to serving you again in the year 1985.

Respectfully submitted,

Ernest B. Sanborn
Seabrook Fire Chief

REPORT OF THE CIVIL DEFENSE DIRECTOR OFFICE OF EMERGENCY PREPAREDNESS

I submit the following report to the Board of Selectmen, the citizens and taxpayers of the Town of Seabrook. I would like to thank the Board of Selectmen, Administrative Assistant, Fire Chief, Police Chief, Water Department Superintendent, Road Agent and many others who have been involved in the activities of the Civil Defense operations -- "Emergency Preparedness."

The radio system is in operation at this office, and has been used many times for regular business and emergencies. There are meetings still going on about the Radiological Response Plan between town department heads, Public Service Company and New Hampshire Civil Defense. There are a lot of items still in this plan that need a lot of attention in the best interest of the town and its citizens.

The Town Emergency Management Plan should be finished up in the next month or two, with the assistance of N.H.C.D. Agency.

I have had an item in the newspaper for citizens to be involved in the Civil Defense system of their town government, with little response. There are 17 members signed up with this office to assist in any emergencies.

The Radio Chief, Edward Gove, and Assistant Radio Chief, Gerald Frechette, have offered an amateur radio class for the public; the class was finished with four people graduated with their novice licenses.

The Emergency Management Agency is still working very close with this office to obtain 50% of monies spent in this office. So far we have received 50% of all we have spent, and have acquired valuable and useful equipment for the Town of Seabrook.

The Seabrook Search and Rescue Team is still very active in and out of town when their services are required -- no matter when called upon.

Respectfully submitted,

Norman L. Brown
Director of Civil Defense

POLLUTION CONTROL COMMITTEE
(SEWER STUDY)

The Seabrook Pollution Control Committee continued its attempt to solve the town's ever increasing sewage disposal problems. At town meeting in March 1984 the committee, in conjunction with the New Hampshire Department of Water Supply and Pollution Control and the contracted engineer, E.C. Jordan of Portland, Maine, presented a proposal for a sewage system that would accomodate the entire town.

The proposal included a central processing plant to be located on the present solid waste disposal site, with an outfall pipe extending into the ocean off Seabrook Beach. The proposal was offered in an article requesting 1.7 million dollars to pay for the system design. An additional article for 5 million dollars was presented to assist in defraying the future cost of the proposed system.

The voters turned down the committee's recommendation and request for the 1.7 million dollars (by 8 votes), indicating that they did not

agree with the need for a sewage system for Seabrook at this time. The voters did, however, decide to identify some money for a future system, and amended the article requesting 5 million dollars to 2 million, and the article passed.

The committee has been relatively inactive since town meeting due to the fact that the state officials and the contractor are finalizing the study report. It is anticipated that sometime prior to town meeting, 1985, a public hearing will be announced, at which time the system recommended and approved by the state for future state and federal funding will be presented. Hopefully, the input from local citizens at the public hearing will provide some specific guidelines for the committee for 1985.

Respectfully submitted,

Willard F. Boyle
Chairman

WELFARE OFFICER'S REPORT

This year's 1985 budget proposal for welfare for the first time in many years has actually shown a decrease of \$18,000 as you will note here and in the budget recommendations. The welfare costs for 1984 was budgeted at \$70,000. Of this amount \$50,653.74 was actually expended in fiscal year 1984. I am also pleased to report this year that the town has received \$12,133.45 in reimbursements from persons who have re-paid the Town of Seabrook for welfare granted in various forms, mostly in the so-called "CHINS" cases which makes up the majority of the appropriation in the welfare budget.

The net result of the lower proposed budget and the reimbursements results in more than \$30,000 savings to the town's taxpayers. The principal reason that this can now be accomplished is that for the first time in the history of the town (because of the town's charter) there is now a person hired to handle welfare cases exclusively and to deal with the many complicated laws involved with these matters which entails federal, state, county, and local by-laws and regulations.

The selectmen have been relieved for the most part from this burdensome and time consuming task of administering welfare.

I think it is important to also report here that no one who is legally entitled to welfare in any form has been denied anything. What in effect is happening is "the needy and not the greedy" are getting help.

It is hoped through a cooperative effort of the Governor's Office and all of the towns and cities, coordinated by the New Hampshire Municipal Association, that a law may be passed this year by the legislature that will relieve the heavy financial burden placed on the communities of the "CHINS cases" (Children In Need of Special Services) and ultimately the costs will be shifted to the state.

James C. Falconer
Welfare Agent

ROAD AGENTS REPORT FOR 1984

Beginning in April of 1984 we made speed signs to be put up on Gove Road, Dearborn Avenue, Fogg's Corner and Cemetery Road, now known as Fogg's Lane. These signs are 25 MPH speed signs and "Slow Children" signs, eight (8) signs total. On April 5th. we swept the whole town; we prefer rain when we do this to hold down the dust. In the month of May we began cleaning the Beach with the rake. We have been cleaning up the catch basins and we cleaned the Beach with the rake once more; we are planning to go back soon and do it again. In July we had to clean more catch basins and do shoulder work on the edges of the Highway. On July 12th. we cleaned the sea shore with the tow rake, and gathered up a lot of bottles, cans, nails and logs from the bonfires that people have made on the beach.

During the month of August the beach rake has been used on a regular basis. We have patched the highway and have taken care of the maintenance of the shoulders of the highway. We are also cleaning catch basins in the whole town. There has been a barricade installed on New Boston Road. We have had the grass cut on the sides of the roads.

Beginning the first of September we started to clean out the dam at Lake Shore Drive. We put up signs on the fence on the South Main Ball Park. We finished the dam at Lake Shore drive and also put a 5 ft. fence and seeded in the banking. We are getting ready to clean out all services and natural drains through the woods. Signs for one-way streets are being worked on. These denote that Atlantic Avenue should be one-way for the Summer. In November we have to get washed sand and get some road salt and mix the two together with Calcium Chloride for Winter use on icy roads; and also have to get a supply of salt for winter use. We have five snow plows and two plow wings that have got to be scraped and painted, this was done. We replaced the Summer float with the Winter float at the Town Pier.

From May until October we work in the Cemeteries. We worked at night for three weeks, three hours each night, so as to get the program started; but the night rains bogged us down. We are now working in the cemeteries 5 days a week. We have been mowing grass and filling in sunken graves. The sunken graves are the result of people being buried in wooden vaults. We fixed fourteen stones that were either pushed over or blown over and broken.

The Rubbish has been a bit of a problem this year. We have had trouble with SCA. We were not able to have our clean-up program two weeks in succession as before, so it was spread over three months. In the Summer months we pick up the rubbish at the beach three times a week.

We have had to replace the batteries for the diesel rubbish truck and also had to buy new tires. We bought tires for the Chevrolet pick-up. We ordered a low-bed for hauling equipment over the road, we went to Concord, N.H.

Road agents report (continued)

to get it on May 21, 1984. We are presently making a new office at the Town Shed. We have installed a high Antenna for our truck radios. We also have a tool crib at the shed so we can lock up our tools.

We worked on Batchelder Road and Ledge Road. We have a considerable amount of wood that we cut down from clearing out to work on these roads. These projects were stopped because the money allocated for them was frozen due to problems with monies derived from the Power Plant.

We hope to have all our projects, Ledge Road, Batchelder Road, the new office, signs in the cemeteries, completed early in 1985.

Respectfully submitted:

Vernon G. Dow, Road Agent

PLANNING BOARD

The Planning Board has seen a large increase in subdivision and plot plan reviews. In 1984 twenty-six cases were decided upon with eighteen of these being commercial development. This increase reflects the favorable growth climate present in Seabrook. The increased workload has also had its effect on the turnover rate of board members.

There is still a serious need to adopt some type of condominium regulations. The Zoning Map, Master Plan and the Growth Control Ordinance also need to be reviewed and updated, to conform to current legal opinion.

Work has begun on the minor subdivision regulations. These regulations will not be designed as a "less expensive means" of subdivision but rather a means of providing flexible and discretionary regulation for the landlocked or otherwise, parcels of limited access to the public ways of Seabrook.

It is our hope that 1985 will allow us more time to review and update our existing regulations and also allow us to continue to provide an effective and efficient Planning Board.

Respectfully submitted,

William W. Moore, Jr.
Vice-Chairman

BOARD OF ADJUSTMENT

For the year 1984 the members of the Board of Adjustment were as follows: Chairman Albert Eaton, Vice-Chairman Leon Clark, Clerk Nancy Crossland, members William Dolan, Catherine Stetson, alternate members Elizabeth Thibodeau and Phila Sturgis. In June of 1984 the membership changed to the following: Chairman Leon Clark, Vice-Chairman William Dolan, Clerk remained the same, members Elizabeth Thibodeau, Paul Cronin, alternate members Phila Sturgis and, appointed in October 1984, Lucille Moulton.

The board heard eleven cases this year for requests for variances. Four were granted and seven were denied.

The board, with the help of Regional Planner Tom Morgan, revised the By-Laws and brought them up to date accordingly to the new state statute.

Respectfully submitted,

Nancy A. Crossland
Clerk

CONSERVATION COMMISSION

The Conservation Commission operated with the same members this year as last year, with the exception of Stanley Hamel, whose resignation the Commission accepted with regrets. Mr. Hamel was succeeded by the appointment of Arnold Knowles.

We have spent the year reviewing proposed building projects. The main focus of the Commission is the protection of valuable wetlands and other unique areas in the Town of Seabrook.

Currently we are involved in producing a management plan for the Seabrook Dunes. The purchase of this 53 acre site by the town is currently held up in Superior Court. We sincerely hope that the resolution of this matter will allow us to proceed with the acquisition.

Respectfully submitted,

Timothy F. Willis
Chairman

MOSQUITO CONTROL PROGRAM

With the availability of the town truck and the hiring of a licensed pesticide applicator, Mosquito Control field efforts got underway on April 9th. James Teckman, who had worked as a pesticide applicator for Seabrook Mosquito Control in 1982 and 1983, returned for the 1984 season. Jim was most helpful in filling in the new Supervisor on certain aspects of Mosquito Control in Seabrook along with the locations of known breeding sites. Having already done mosquito control work in the town, mosquito control method training and learning streets and breeding sites in town was not necessary.

Surveillance of freshwater breeding sites began immediately with larvicide treatments beginning on April 19th. Treatment of salt-marsh sites commenced April 23rd. Sites found to support larvae of non-biting mosquitos were treated, using the Echo (Kioritz) motorized backpack sprayers, with granular Abate 5%G larvicide. Abate 4%EC (liquid), sprayed from hand-pumped Chapins, Altosid briquets and Flit MLO (pupacide) were also used on a limited basis in appropriate situations. "Spring" freshwater sites remained active into June due to heavy rains. Salt-marsh areas required treatment after every monthly "flood" tide (caused by the Full or New Moon) throughout the summer.

Due to the financial instability and near bankruptcy of Public Service Co. of N.H. (which pays over 90% of the total property taxes for the Town of Seabrook) in late April, a freeze was put on the town's departmental budgets by the selectmen. No new pesticides were purchased as planned (the various BTi larvicides) and the pesticides already on hand (Abate, etc.) were used exclusively. The hiring of two summer laborers to do stream clearance was also cancelled due to the freeze. The previous Supervisor, Robert Spencer, had initiated this phase of Mosquito Control in 1983 with many stream beds being

cleared of natural and man-made debris allowing better flow and eliminating stagnant water areas.

Evening adulticide spraying of all public roads in town was done 16 times between May 25 and September 7th. During times of high Aedes sollicitans (vicious daytime biter) populations, additional spot adulticiding was done on certain woods roads and public athletic fields. Cythion adulticide was sprayed using the Leco ULV sprayer.

Adult mosquito species populations were monitored weekly at three sites in town using CO₂-baited CDC light traps. Specimens were identified, counted, and recorded with results being sent to the State's Entomologist and Epidemiologist as part of the Eastern Equine Encephalitis monitoring program.

Plans for 1985 include an Open Marsh Water Management study to be done in Seabrook and Hampton Falls. This study is headed by Dr. Fred Short of UNH's Jackson Lab and is funded by a Coastal Zone Management Grant through the Office of State Planning. Extensive research and implementation in the area of OMWM has already been done in other New England states and is proving to be a viable and a more environmentally attractive alternative to chemical control of mosquitos.

Depending on funding from the Town, the stream clearance phase of mosquito control will start again in the summer of 1985. There is also a proposal in the mosquito control budget to build greenhead fly traps to be placed on the salt marsh.

Bti products will be integrated into the larviciding phase of the program, decreasing the need for the use of the organophosphates.

Respectfully submitted,

Lee G. Brooks
Mosquito Control Supervisor

RECREATION COMMISSION

The members of the Seabrook Recreation Commission are: Vernon Small, Chairman; Diana Randall; Salvatore Rubera, Vice Chairman; Harry Knowles, Sr.; Charlotte Dow, Secretary; John Fowler, Jr.; Frederick Felch and Richard Beckman, an alternate. The Commission continued to hold their meeting on the first and third Thursday of each month. 1984 was a busy year for the Commission, Director Sandra Beaudoin and staff.

The main focus of the year was facilitating and developing the new Seabrook Community Center, located at 311 Lafayette Road. Grand Opening was held on Saturday, March 10, 1984, and over two thousand residents attended with excitement and enthusiasm. The Center opened its doors to the community on March 12th, offering a variety of on-going recreational activities for preschool through Senior Citizens.

**TOWN
OF
SEABROOK**

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

TOWN OF SEABROOK

TOWN WARRANT FOR 1985

L.S.

To the inhabitants of the Town of Seabrook, in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet in the auditorium of the new Seabrook Community Center, Route 1, on Tuesday, March 12, 1985, at 10:00 a.m., to cast ballots until at least 7:00 p.m., of the same day, and to meet in the new Seabrook Community Center, Route 1, on Thursday, March 14, 1985, at 7:00 p.m., to act on the Articles below.

Further, you are hereby notified that the moderator will process the absentee ballots at 3:00 p.m., of the same day pursuant to RSA 659:49.

Article 1: To elect by Non-Partisan ballot: one (1) Selectman and Assessor for a term of three (3) years; one (1) Trustee of the Trust Funds for a term of three (3) years; one (1) Tax Collector for a term of three (3) years; one (1) Road Agent for a term of one (1) year; one (1) Fire Chief for a term of one (1) year; three (3) Constables for a term of one (1) year; two (2) members of the Planning Board for a term of three (3) years; two (2) members of the Planning Board for a term of one (1) year; two (2) members of the Budget Committee for a term of three (3) years; one (1) member of the Budget Committee for a term of one (1) year; and one (1) Park Commissioner for a term of three (3) years.

(On the Official Ballot)

Article 2: On petition of Anna R. Eaton and Seventy-Three (73) other legal voters of the Town: Are you in favor of abolishing the Zoning Ordinance of the Town of Seabrook, New Hampshire, and all amendments to the Zoning Ordinance of the Town of Seabrook, New Hampshire, by rescinding the actions taken on March 5, 1974 (the Zoning Ordinance), on March 8, 1977 (amendments), on March 14, 1978 (amendments), on March 13, 1979 (amendments), on March 8, 1983 (amendments), and on March 13, 1984 (amendments).

(Not Recommended by the Planning Board)

(On the Official Ballot)

Article 3: On petition of Robert J. Godbout and Thirty-Three (33) other legal voters of the Town: Amend the Seabrook Zoning Ordinance Section X, Definitions of Structure: the last sentence to say, "Fences, stone walls, retaining walls, walkways, driveways, movable above ground pools, recreational areas and equipment which do not exceed one foot above ground level, are not to be construed as structures for the purpose of sideline and set back requirements."

(Not Recommended by the Planning Board)

(On the Official Ballot)

Article 4: On petition of Robert J. Godbout and Thirty-Three (33) other legal voters of the Town: Amend the Seabrook Zoning Ordinance Section VII Article C-1 (pertaining to use of the building permit): the last phrase to read, "unless such undertaking is for normal maintenance or for emergency repairs or of value less than or equal to five hundred (\$500.00) dollars."

(Not Recommended by the Planning Board)

(On the Official Ballot)

Article 5: On petition of Robert J. Godbout and Twenty-Nine (29) other legal voters of the Town: Amend the Seabrook Zoning Ordinance Section IV Article C, Side Yard Requirements: to read as follows, "There shall be a side yard having a minimum width of ten (10) feet for all residential buildings and structures, fifteen (15) feet for all commercial and industrial buildings and structures, five (5) feet for all residential storage buildings or metal or wood fabrication with a total width and length of not more than twenty-four (24) feet, five (5) feet for residential swimming pools. Steps and walkways shall not be considered a part of the structure, but porches, piazzas, and other similar elements shall be considered a part of the structure."

(Not Recommended by the Planning Board)

(On the Official Ballot)

Article 6: To see if the Town will vote on the following: Shall the Municipality approve the Charter Amendment reprinted below? Amend the Seabrook Home Rule Charter Part II, Section III Rules of Town Meeting Quorum, by deleting the word "quorum" from the heading and deleting in its entirety the second paragraph of said section. [dealing with the requirement for a certain quorum for town meetings.]

(On the Official Ballot)

Article 7: To see if the Town will vote on the following: Shall the Municipality approve the Charter Amendment reprinted below? Amend the Seabrook Home Rule Charter, Part II, by adding Section XXIV, Public Works, as follows:

There is hereby created the Department of Public Works. It shall consist of a Director of Public Works, who shall be head of the department, and all officers and employees assigned thereto. The Director shall be appointed by the Selectmen and shall reside within the Town during the period of his employment. He shall be allowed up to twelve months to establish residency once he becomes employed. All officers and employees shall perform their duties subject to the supervision of the Director.

A. The Department of Public Works shall have charge of and supervision over the construction, management, and control of the town's water system and all storm, water, and sanitary sewers, including the setting of rates which shall be done only with the approval of the Selectmen.

B. The department shall have charge of the care, maintenance, and construction of public dumps, public parks and playgrounds, cemeteries, public beaches, public forests, shade and ornamental trees, and the collection of waste and refuse. These duties shall not, however, conflict and interfere with the duties and responsibilities of the Recreation Commission so long as said Commission continues in existence.

C. The department shall have charge of the street lighting system and shall be responsible for the maintenance, repair and extension thereof.

D. All physical properties of the Town, including water distribution, parks, playgrounds, and all municipal utilities not assigned to some other department or officer shall be and are hereby assigned to the Department of Public Works.

E. The Director of Public Works shall be custodian of all tools, equipment and other personal property belonging to the Town and not assigned to the care of any other public officer.

F. All persons currently holding office or performing duties in conflict with or duplicating the authority granted to the Department of Public Works herein, shall continue in office or in performance of these duties until the Selectmen appoint a director, at which time the said office and duties shall be discontinued.

G. The effective date of this amendment will be July 1, 1985.

(On the Official Ballot)

Article 8: To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes and to renew and refund Town notes.

Article 9: To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend money from the state, federal or another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in RSA 31:95-b.

Article 10: To see if the Town will vote to authorize and empower the Selectmen to appoint such permanent police officers, fire fighters and employees for all other departments of the Town as they deem necessary.

Article 11: To see if the Town will vote to authorize the Board of Selectmen to sell at public auction or by advertised sealed bids such Town Property as is no longer used by the Town.

Article 12: To see if the Town will vote pursuant to authority under RSA 80:42 III to authorize the Selectmen to sell tax title property in the first instance to former owners of the property or the heirs of said owners for a sum not less than the outstanding taxes owed plus accrued interest to the date of tax deed; or failing such sale, then by advertising sealed bids or public auction, at the discretion of the Selectmen.

Article 13: To see if the Town will vote to authorize withdrawal from the Federal Revenue Sharing Fund for use as an offset against the following debt service:

<u>BOND</u>	<u>PURPOSE</u>	<u>AMOUNT</u>
1955 Water	Principal	\$ 25,000
1975 Water	Principal	75,000
1975 Water	Interest	50,000
		\$150,000

(Recommended by the Budget Committee)

Article 14: To see if the Town will vote to appropriate Eighty-Six Thousand (\$86,000) Dollars as the total cost of three Coastal Zone Management (CZM) grants, to apply for Sixty-Nine Thousand Two Hundred (\$69,200) Dollars from the state and federal government as the 80% match towards said grant, and to raise Sixteen Thousand Eight Hundred (\$16,800) Dollars from taxes as the town's 20% match to the above CZM grants.

(Recommended by the Budget Committee)

Article 15: To see if the Town will vote to authorize the Selectmen to negotiate and sign a contract for the disposal and transportation of solid waste collected in Town with one of the three companies below. Other terms of said contract including cross indemnification and hold harmless provisions, shall be fully negotiated by the Selectmen in accordance with the best interest of the Town.

1. a twenty (20) year contract with Refuse Fuels Associates of Haverhill, Massachusetts, initially at a fee of Thirty-Six Dollars and Fifty Cents (\$36.50) per ton, which amount will be subject to an adjusted, annual escalation of the U.S. Consumer Price Index.
2. a three (3) year contract with Browning-Ferris Industries of Portsmouth, New Hampshire, initially at a fee of Thirty-Five Dollars and Fifty Cents (\$35.50) per ton, which amount will be subject to a straight annual escalation of the U.S. Consumer Price Index.
3. a twenty (20) year contract with Lakes Region Disposal Co., Inc., of Rochester, New Hampshire, initially at a fee of Thirty-Nine (39) Dollars per ton, which amount will be subject to a straight annual escalation of the U.S. Consumer Price Index and any increase of the local gate fee.

Article 16: To see if the Town will vote to raise and appropriate the sum of One Hundred Thousand (\$100,000) Dollars to purchase two 110 yard trailers for the purpose of hauling the Town's solid waste to an out of town disposal facility.

(Recommended by the Budget Committee)

Article 17: To see if the Town will vote to raise and appropriate the sum of Ninety-Five Thousand (\$95,000) Dollars to purchase a 10 wheeler rubbish compactor to replace the current one.

(Recommended by the Budget Committee)

Article 18: To see if the Town will vote to approve the plans for the new police station as presented by the Police Station Building Committee and release the funding for its construction in accordance with Article 29 of the 1984 annual town meeting.

Article 19: To see if the Town will vote to constitute a Board of Water Commissioners in accordance with RSA 38:16 which shall consist of the Selectmen of the Town. A person elected as Selectman shall also be elected as a Water Commissioner and shall hold this office for the term of their office as Selectman. The Board of Water Commissioners shall give direction and shall exercise supervision over the Department of Public Works in the area of the Town's water works system.

Article 20: On petition of Warner B. Knowles and Nine (9) other legal voters of the Town: To see if the Town will vote to raise and appropriate the sum of Two Hundred Twenty-Five Thousand (\$225,000) Dollars for the purpose of constructing a building on town owned land on True Road to be used for a shop and garage for the Water Department.

(Recommended by the Budget Committee)

Article 21: To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand (\$15,000) Dollars for the purpose of hiring a Public Works Director.

(Recommended by the Budget Committee)

Article 22: To see if the Town will vote to raise and appropriate the sum of Twenty-Three Thousand (\$23,000) Dollars to hire a Labor Relations Negotiator & Personnel Coordinator for the purpose of advising the Selectmen on grievance matters, negotiating contracts with employees and employee associations and such other duties as assigned by the Selectmen.

(Recommended by the Budget Committee)

Article 23: On petition of Warner B. Knowles and Twelve (12) other legal voters of the Town: To see if the Town will vote to raise and appropriate the sum of Thirteen Thousand (\$13,000) Dollars to add dental coverage to the Town's present Health Insurance coverage to take effect as of May 1, 1985.

(Not Recommended by the Budget Committee)

Article 24: To see if the Town will vote to adopt by reference as an ordinance the provisions of the Life Safety Code, National Fire Protection Association, Inc., Doc. No. 101, 1981 edition as amended.

Article 25: To see if the Town will vote to authorize the Selectmen to expend a portion of the funds raised and appropriated under Article 31 of the 1984 Annual Town Meeting to purchase one of the following sites for the location of the proposed fire station and to authorize the Selectmen to negotiate such other terms of the purchase in accordance with the best interest of the Town.

A. Adams parcel ----- 1.5 acres, Smith's Lane -- \$200,000

B. Straw-Grasso parcel --- 6.5 acres, Route 1 ----- \$295,000

Article 26: To see if the Town will vote to raise and appropriate the sum of Fifty Thousand (\$50,000) Dollars to purchase an office management (small business computer) system.

(Recommended by the Budget Committee)

Article 27: On petition of Charles H. Felch Sr. and Nine (9) other legal voters of the Town: To see if the Town will vote to authorize the Selectmen to raise and appropriate the sum of Five Thousand Three Hundred (\$5,300) Dollars to purchase a copier for the second floor offices at the Town Hall.

(Recommended by the Budget Committee)

Article 28: To see if the Town will vote to raise and appropriate the sum of Twenty-Five Thousand (\$25,000) Dollars to install an irrigation system and to landscape the grounds of the Town Hall.

(Recommended by the Budget Committee)

Article 29: To see if the Town will vote to raise and appropriate the sum of Fifty Thousand (\$50,000) Dollars to survey town roads in order to establish accurate road widths for the purpose of installing drainage, sidewalks and shade trees.

(Recommended by the Budget Committee)

Article 30: To see if the Town will vote to raise and appropriate the sum of Two Hundred Thousand (\$200,000) Dollars to complete the construction of Ledge Road and Lower Collins Street.

(Recommended by the Budget Committee)

Article 31: On petition of Sheila M. Bishop and One Hundred Four (104) other legal voters of the Town: To see if the Town will vote to raise and appropriate the sum of Twenty-Five Thousand (\$25,000) Dollars to be added to the amount raised at the 1984 town meeting (article 47) for the layout and construction of Cross Beach Road.

(Recommended by the Budget Committee)

Article 32: To see if the Town will vote to raise and appropriate the sum of Fifty Thousand (\$50,000) Dollars to construct drainage systems along town roads.

(Recommended by the Budget Committee)

Article 33: On petition of Herbert E. Fowler and Fifty-Six (56) other legal voters of the Town: To see if the Town will vote to raise and appropriate the sum of Five Thousand (\$5,000) Dollars to purchase necessary pipe, catch basins, and materials needed to install approximately six hundred fifty (650) feet of twelve (12) inch underground drainage on a portion of Washington Street, between Route 286 and South Main Street.

(Recommended by the Budget Committee)

Article 34: To see if the Town will vote to raise and appropriate the sum of Sixty-Five Thousand (\$65,000) Dollars for the construction of two truck stalls and enlarge the present sand-salt stall of the Highway Department.

(\$30,000 Recommended by the Budget Committee)

Article 35: To see if the Town will vote to raise and appropriate the sum of Twelve Thousand (\$12,000) Dollars to plant trees and pave roads in the town cemeteries.

(Recommended by the Budget Committee)

Article 36: To see if the Town will vote to discontinue as an open highway that portion of Old New Boston Road which begins at a point seven hundred sixty-five (765) feet westerly of the intersection of True Road and New Zealand Road and continues to the Kensington town line, and make said road subject to gates and bars. Said discontinuance and gates and bars to continue until such time as the land adjoining said road may be developed for residential uses in accordance with the Seabrook Zoning Ordinance and Subdivision Regulations.

Article 37: On petition of Michael A. Vedrani and Fifteen (15) other legal voters of the Town: To see if the Town will vote to authorize the Selectmen to accept a road commonly known as Dixon Way being shown as a proposed road on a plan of land entitled "Subdivision of Land for E. N. Dixon Co., Inc., in Seabrook, New Hampshire, Scale: 1" = 40', February 1978, Parker Survey Asso., Inc.," said plan being recorded with Rockingham County Registry of Deeds as Plan No. D-7651 upon recommendation of the highway agent and authorize the Selectmen to accept a proper deed for the road from the owner, E. N. Dixon Co., Inc. The said road is part of a subdivision off Old New Boston Road approved by the Town of Seabrook Planning Board on March 13, 1978,

Article 38: To see if the Town will vote to raise and appropriate the sum of One Hundred Eleven Thousand (\$111,000) Dollars to dredge the Farm Lane Canal.

(Recommended by the Budget Committee)

Article 39: To see if the Town will vote to raise and appropriate the sum of Seventy-Five Thousand (\$75,000) Dollars to construct a bicycle path along Walton Road, Lafayette Road and Washington Street.

(Not Recommended by the Budget Committee)

Article 40: To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand (\$15,000) Dollars to construct a parking lot on town owned land on Atlantic Avenue.

(Recommended by the Budget Committee)

Article 41: To see if the Town will vote to raise and appropriate the sum of Twenty-One Thousand (\$21,000) Dollars to purchase land adjacent to the Veteran's Memorial Park for future expansion of the parking facilities and to authorize the Recreation Commission to negotiate said purchase.

(Recommended by the Budget Committee)

Article 42: To see if the Town will vote to raise and appropriate the sum of Twenty-Five Thousand (\$25,000) Dollars to purchase a mini-bus for the Recreation Department.

(Not Recommended by the Budget Committee)

Article 43: To see if the Town will vote to accept the following donations to the Seabrook Community Center:

1. One Kimball Piano given by the Happy Senior Citizens Club.
2. One Exercise Training Cycle given by K. J. Quinn Co.
3. One Exercise Barbell Set given by the USM Bailey Corp.
4. One Flag Pole and three American Flags given by the Seabrook American Legion Post and Auxiliary #70.
5. One Exercise Rowing Machine given by the Seabrook Bank & Trust Co.
6. One Tennis Table given by Henry Jackman of Henry's Amusements.

Article 44: To see if the Town will vote to adopt and ratify the proposed Taxi-Cab Ordinance:

1. No person shall be engaged in the Town of Seabrook, New Hampshire, in the business of picking up and transporting of passengers for hire without having a license to do so from the Town of Seabrook, New Hampshire, nor shall any vehicle be used for such business unless it meets the requirements hereinafter stated, nor shall the owner of such vehicle(s) or the proprietor of the taxi business in which such vehicle is being used allow any person to operate such vehicle who is not licensed as hereinafter provided.
2. All taxi businesses so licensed shall maintain an office in the Town and all vehicles licensed and used as taxis shall be garaged in the Town of Seabrook, New Hampshire.
3. Each vehicle to be used as a taxi shall first be registered and insured as a taxi and bear a taxi registration plate or taxi identification. All documents and permits relating to the vehicles' use as a taxi shall be carried within said vehicle at all times.
4. Each taxi business shall file a certificate of insurance covering all its taxis with the Town Clerk no later than January 2 of each year, said coverage shall be a minimum of One Hundred Thousand (\$100,000) Dollars for property damage and a minimum of One Hundred Thousand (\$100,000) Dollars to Three Hundred Thousand (\$300,000) Dollars for personal liability.
5. All vehicles licensed and used as taxis shall display identifying signs in letters not less than four inches high indicating the business name, telephone number, and unit number (e.g., Car 1, 2, etc.), as well as an illuminated roof light identifying the vehicle as a taxi.
6. All vehicles licensed and used as taxis shall be inspected periodically by the Seabrook Police Department by an officer(s) so designated by the Chief of Police for safety equipment and cleanliness. This is in addition to the standard equipment required for normal state inspection. Vehicles shall also contain a fire extinguisher in proper working order, first aid kit, a minimum of three road flares, 20 - 30 minute type, or safety markers. The interior and exterior of all vehicles shall present a clean respectable appearance at all times (weather permitting).

7. The name of the owner of the vehicle, registration number of the vehicle, and the rates of fare duly established, shall be conspicuously posted on a printed card in such a manner for all patrons to read while in the car or office building of the taxi company.

8. Taxicab rates shall be in such amount as are set from time to time by order of the Board of Selectmen.

9. The rates charged to passengers by owners or drivers shall be standard for all who are in the business of operating a taxi service within the limits of the Town of Seabrook, New Hampshire. Any changes in the fare schedule (in the Town of Seabrook only) require prior approval of the Board of Selectmen.

10. Every driver of a licensed taxi shall at all times when driving or waiting for employment display an identification card with taxi operator's number, as issued by the Town Clerk.

11. For every taxi business license granted by the Board of Selectmen, there shall be paid to the Town Clerk the sum of Fifty (\$50.00) Dollars plus Twenty-five (\$25.00) Dollars per taxi vehicle and Ten (\$10.00) Dollars for each license granted to a driver of a taxi.

12. All licenses granted under these rules and orders shall expire on December 31st after the date thereof. No permit can be transferred to another person without the written consent of the Board of Selectmen and the payment of Fifty (\$50.00) Dollars transfer fee.

13. No person under eighteen (18) years of age will be considered for or granted a taxi operator's license.

14. Any owner or driver of a taxi convicted of procuring any alcoholic beverage for a minor shall lose his taxi license forthwith.

15. The driver of any taxi shall, upon request by any passenger, issue a receipt for the amount charged. Such receipt should indicate the name of the taxi, owner registration number of the vehicle, amount of the fare charged and date of transaction.

16. The owner or licensed driver of a taxi shall not unreasonably refuse to carry a passenger for hire within the limits of the Town of Seabrook.

17. Any license granted under the provisions of these rules and orders may be revoked by the Board of Selectmen for just cause after written notice and reasonable opportunity of the licensee to be heard.

18. Any person who violates these rules and orders shall be fined One Hundred (\$100.00) Dollars for each offense.

19. Whoever procures transportation within the Town of Seabrook, New Hampshire, in any licensed taxicab and who willfully refuses to pay upon demand the sum due and payable for such transportation under the provisions of this by-law shall be liable for a penalty not exceeding One Hundred (\$100.00) Dollars for each offense.

Article 45: On petition of Susan D. Crowley and One Hundred Fifty (150) other legal voters of the Town: To see if the Town will vote to raise and appropriate the sum of Thirty Thousand (\$30,000) Dollars to be donated to the Seabrook Child Care Association, Inc., as the Town's portion towards the construction of a licensed Day Care Center in Seabrook.

(Recommended by the Budget Committee)

Article 46: On petition of Edna Hannon and fourteen (14) other legal voters of the Town: To see if the Town will vote to raise and appropriate the sum of Three Thousand Five Hundred (\$3,500) Dollars to the Rockingham County Nutrition Program for its hot, nutritious meals served to the elderly at the Seabrook Community Center, for its Meals on Wheels sent out to the homes of needy, handicapped and elderly of Seabrook.

(Recommended by the Budget Committee)

Article 47: On petition of Veronica Bednas and Eleven (11) other legal voters of the Town: To see if the Town of Seabrook will vote to raise and appropriate the sum of One Thousand (\$1,000) Dollars to assist Seacoast Hospice, a non-profit organization.

(Recommended by the Budget Committee)

Article 48: On petition of Priscilla Lancaster and Fourteen (14) other legal voters of the Town: To see if the Town will vote to raise and appropriate the sum of One Thousand Twenty-Three (\$1,023) Dollars to assist the Women's Resource Center, a private non-profit organization.

(Recommended by the Budget Committee)

Article 49: On petition of Willard F. Boyle and Eighteen (18) other legal voters of the Town: To see if the town will vote to authorize the Trustees of the Trust Funds to withdraw a sum, not to exceed One Million Five Hundred Fifty Thousand (\$1,550,000) Dollars from the Capital Reserve Fund, known as the Sewer Fund, for the design plans and specifications for the proposed wastewater collection, treatment and disposal facilities of a municipal sewerage system.

(Recommended by the Budget Committee)

Article 50: On petition of Willard F. Boyle and Eighteen (18) other legal voters of the Town: To see if the Town will vote to raise and appropriate the sum of Five Million (\$5,000,000) Dollars for the purpose of adding said amount to the Capital Reserve Fund, known as the Sewer Fund.

(Recommended by the Budget Committee)

Article 51: To see if the Town will vote to raise and appropriate the sum of One Hundred Thousand (\$100,000) Dollars to add to the Capital Reserve Fund, known as the "Motor Vehicle Fund."

(Recommended by the Budget Committee)

Article 52: To see if the Town will vote to raise and appropriate the sum of Five Hundred Thousand (\$500,000) Dollars to add to the Capital Reserve Fund, known as the "Municipal Building Fund."

(Recommended by the Budget Committee)

Article 53: To see what sums of money the Town will vote to raise and appropriate for the expense of the General Government for the protection of persons and property, for health and sanitation, for highways and bridges, for the support of the Town Poor and for all necessary expenditures for the ensuing year.

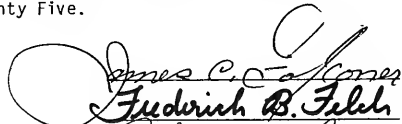

Article 54: To transact all other legal business that may come before this meeting.

Given under our hands and seals this 19th of February, in the year of our Lord One Thousand Nine Hundred and Eighty Five.

OTHER GROUPS WHO USED OR HELD ACTIVITIES AT THE CENTER IN 1984

Town Voting	Police Assoc. Wrestling Event
Town Meetings	Miss Seabrook Pageant
Seabrook Lion's Health Clinic	Winnacunnet Summer Basketball
F.O.R.S. Meeting	Seabrook Elem. Sch. Basketball Teams
B.M.X. Raceway, Inc.	Seabrook Elementary School Play
Police Dept. - Fingerprinting	Pool Committee Meetings
Youth	Rockingham County Nutrition Program

OTHER ACTIVITIES GIVEN ASSISTANCE BY THE RECREATION DEPARTMENT

B.M.X. Raceway, Inc.	Firemen's Assoc. Softball League
Little League Association	Little Warriors Football Program

In addition to the above activities the Commission and Recreation Department are also involved in coordinating the Town's Annual Old Home Days. The 1984 event began with the Miss Seabrook Pageant held at the Community Center on Thursday, August 15th. Over three hundred attended and Miss Maria Felch was crowned Miss Seabrook 1984. On the following Saturday over twenty local groups were involved in providing food booths and activities for the community's Old Home Day. Activities during the day included: Softball Games, Volleyball, Field Races, Monte Carlo, Bingo, Corn Husking Contest, Pie Eating Contest, Skillet Throwing Contest, Horseshoe Pitching Contest, Entertainment, Barbecue, Fireworks, and more. On Sunday the Seabrook Lions held the Annual 10 K Road Race and the BMX Raceway, Inc. held special BMX Races. Over a thousand participated during the weekend of Old Home Days.

As mentioned earlier, the Commission's main focus of the year was facilitating the Community Center. Many of their hours were devoted to furnishing, equipping, setting policies, and hiring staff for the Center. Projects which the Commission will continue their efforts to complete in 1985 include: lighting and fencing for the town's B.M.X. Track.

Volunteers were a major factor in the success in providing many of the special events and sport programs in 1984. The need for additional coaches and volunteers is increasing as we expand competitive sport opportunities. Dances and special events are held more frequently; therefore, more chaperones are needed. Many of the same people have been volunteering and it has been greatly appreciated. The Commission and department extend their thanks to all those who have been contributing time and hope others will join in during 1985 to continue and sustain the recreational movement.

Respectfully submitted,

Recreation Commission:

Sandra L. Beaudoin, Director
Vernon R. Small, Chairman
Salvatore Rubera, Vice Chairman
Charlotte M. Dow, Secretary
Harry R. Knowles
Diana L. Randall
Frederick B. Felch
Richard P. Beckman, Alternate

REPORT OF THE CHASE HOMESTEAD STUDY COMMITTEE

This Committee met and reviewed several suggestions on the use or disposition of the Chase Homestead including requests from a local civic group. With the advent of the moratorium on spending we set aside any final proposal.

When the moratorium was lifted we met and arrived at the following decisions and proposals:

1. The Homestead represents a certain era in the Town's history.
2. With very few examples of the Town's heritage left, the Homestead should be saved. (At least the main portion of it.)
3. The land on which the building is located is of more value to the Town for uses associated with the Community Center.
4. The building should be moved to a suitable site on Town property.
5. The Town property west of the First Meeting House could be used as an historical site.
6. The Committee proposes moving the main portion to the above mentioned site.
7. The Town could use the building for any of several purposes, one of which would be to turn the use and maintenance over to the Historical Society.

To accomplish this the approximate cost to:

1. Separate the "wing" from the main portion.
2. To construct a foundation on the new site.
3. Move the main portion to that site.
4. Resurface the area where the wing was detached.

is estimated to be about \$50,000. The Committee is recommending that the Town consider carrying out this proposal during the summer of 1986.

This suggestion fits into the general suggestion of past studies and comprehensive plans. See Section III, Page 13, Article 7 of the Comprehensive Town Plan of 1967 by Hans Klunder Associates Inc., also second GOAL on page 43 of the Seabrook Growth Analysis and Development Plan of June 1961 prepared by the Thoresen Group, as well as Policy Four on page 56 of the Comprehensive Plan of 1982 (MASTER PLAN) by the Thoresen Group.

The Committee wishes to thank the Town for the opportunity of working on this project and, in so doing, contributing to the future planning of the Town's Historical Heritage.

The Chase Homestead Study Committee
James E. Champoux, Chairman
Annie R. Beckman, Secretary
Stanley A. Hamel
Lillian L. Knowles
Lucille Moulton

REPORT OF THE COMMUNITY CENTER BUILDING COMMITTEE

This is the final report of the Community Center Building Committee. We have worked diligently over the last five years both as a study group and a building committee on this project and with the exception of a few matters now being investigated, which we will see through to completion, the building is now carrying out all the functions for which it was planned.

The facility is a fine building constructed to service a wide range of activities for people of all ages. We feel it is the finest facility of its kind in the State, and we in Seabrook are fortunate to have it. Its potential use, along with possible expansions in the future give us a program which we can be justly proud of.

The Recreation Department through the Director and her personnel have planned and are carrying out a wide range of activities for children and grown-ups including Senior Citizens which has proven very successful, and with continued cooperation and funding by the Town this can become the true center for community activities.

The Committee wishes to thank all who have contributed to this project. We feel justly proud of the accomplishment which was completed under budget and we are thankful we were given the opportunity to make this contribution to our Town.

The Community Center Building Committee

James E. Champoux, Chairman
Leon W. Clark, Vice Chairman
Annie R. Beckman, Secretary
Mary Elliott
Harry R. Knowles
Diana Randall

SWIMMING POOL COMMITTEE

After having visited several pools in the area we have come to the conclusion that we will need another year to complete our study. The committee would like to have our membership of three persons enlarged to a five person committee with the permission of the Selectmen.

The committee at this time is still in the process of compiling a questionnaire to be sent or distributed to residents of the Town. We feel the results would help us to complete our study. We are checking into cost, maintenance, size, gallons of water used and heat required.

When we started this study, we did not realize how many different types of community pools there are available. We have found that besides recreational pools, they are also used for physical therapy. training for swim teams, teaching life saving classes and swimming lessons.

In closing, we would like to say that we feel a community of our

size could utilize a pool on a full-time basis.

BROWN LIBRARY REPORT

Lydia Gould, who "kept the Brown Library together" during the years before town funding, has entered full retirement. She served for over 20 years. She will be greatly missed by hundreds of friends and library patrons. We wish her the best of health and luck in her retirement.

Helen Skinner, who came to the library in 1975 volunteering to help Mrs. Gould set up a modern cataloging system, resigned at the end of December. She became a staff member and earned her N.H. Library Certificate by completing 8 courses in Public Library Technique at UNH. The greater part of the increase in circulation from a few hundred a year to 13,018 has been due to her wise selection of the books. She has worked hard informing the public of the many services provided at the library. Her many friends will miss her helpfulness.

Elizabeth Heath has been engaged as the new librarian. She holds a Master of Science in Library and Information Science and has a long list of accomplishments. She welcomes all to come in.

Michele Eaton as assistant in the Children's Room, is doing an excellent job. She conducts a Story Hour for pre-schoolers on Thursday and Saturday. Her Halloween and Christmas parties were a huge success. This past year she completed a course on Children's Literature at UNH.

The Lioness' Club gave a gift of \$150.00 for the purchase of large print books. The Library also received \$500.00 from the Hampton Rotary Club for the purchase of books on business. A letter of appreciation has been sent to the Rotary Club for this generous gift.

There was an increase in the number of Memorial Gifts this year. Books appropriate to the interests of the following people were purchased and placed on the shelves; Wallace Knowles, Arthur Wilson, Ada Knight, Ronnie Butler, Vera Carr, Philip Fuller, Thomas Felon, Grace Follansbee, Byron (Buddy) Marshall and Theodora Beckman. These books are greatly appreciated by the staff and readers.

Hours have been rearranged so the Library stays open continuously from 12:00 to 8:00 PM on Monday, Wednesday and Friday.

Charlotte Marshall, Trustee

Stanley A. Hamel, Treasurer

1985 REPORT SEABROOK DAY CARE CENTER

1984 marked a new beginning for Seabrook Day Care Center! After the fire at the Rand Church in 1983, with no alternative site available to meet State licensing standards, the Center closed for 5 months. Throughout this time a search was made to find a new location. Through the efforts of the members of the Seabrook American Legion, temporary space was prepared to meet State standards. On February 17, 1984, Seabrook Day Care Center reopened its doors! The Center is licensed to provide child care for 35 children ages 3-12 years, Monday through Friday from 6:30 am - 5:30 pm.

During 1984, Seabrook Day Care Center served 52 children (44 families). 71% were residents of Seabrook, 48% of the families worked in Seabrook as well. 68% of the families were single parents and 60% received assistance for child care costs. Funding from the Town of Seabrook is used to help families from Seabrook pay child care fees. Enrollment has built up consistently throughout the year to where it is full with a waiting list of families needing child care.

Sponsorship of the Center has been under the direction of organizations outside of the area until this year. On April 1, 1984, the Seabrook Child Care Association, Inc. took over operation of Seabrook Day Care Center. This is a non-profit, tax-exempt N.H. corporation with a Board of Directors elected by its members. Membership is open to all people who share an interest in promoting better child care services to families in the Seabrook area. Enrollment priority is given to families with low income or with other disadvantage. With the support of families and staff at the Center as well as support from community people, this move means that Seabrook Day Care Center can better meet the needs of its community.

1985 marks the YEAR OF THE YOUNG CHILD. The efforts of the Seabrook Child Care Association, Inc. will be directed at a community-wide campaign to locate a permanent site for a day care center. A petition will be made to the Town of Seabrook to help by leasing a portion of town land and a portion of construction funds for the center. Work will continue throughout the year to raise the necessary funds.

We hope that townspeople recognize the value of these services and will support the efforts to provide a quality day care center for our community.

To the Members of
the Board of Selectmen
Town of Seabrook
Seabrook, New Hampshire

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Town of Seabrook, New Hampshire as of and for the year ended December 31, 1983, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, and except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the second paragraph of this report, the combined financial statements and the combining, individual fund and account group financial statements referred to above present fairly the financial position of the Town of Seabrook, New Hampshire at December 31, 1983, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining, individual fund and account group financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Seabrook, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

REPORT OF THE WATER DEPARTMENT

There were 445,851,962 gallons of water pumped during 1984. Industrial and commercial used 149,855,590 gallons.

There were 51 residential services installed in 1984. Two commercial-industrial services were also added: Bank of America and Seabrook Industrial Park.

The Water Department crew along with their regular and routine duties repaired approximately twenty water leaks (7 were major - other than a residential service), assisted in about another twenty leaks, and replaced two fire hydrants hit by motor vehicles. The crew accomplished or assisted on several large or special projects. Some of these projects are the following.

Early in the spring of 1984 we finished the Route 107 transmission main project. The new 12 inch water main was chlorinated, flushed, tested, and put into use. Also in the spring Methuen Construction Co. completed the Route 286 - Pickens Avenue Project.

The Railroad Avenue Bridge removal involved much of our time in the summer months. Temporary water services were installed to residents on Woodland Avenue and a portion of Railroad Avenue. Water services had to be relocated while others were replaced. Gate boxes had to be raised and lowered; and finally, on Woodland Avenue, we installed a new 8 inch water main, a fire hydrant, and 5 new water services.

On the Brooks Road Extension Subdivision, Whittier Drive Subdivision, Seabrook Industrial Park's Service, and the Route 286 - Pickens Avenue project, we oversaw the installation of water mains and services, fire hydrants, chlorinating, flushing, testing, and necessary repairs.

L. A. Hanna & Sons of Stratham, New Hampshire, cleaned, flushed, and rated a new 4th rock well. This well is expected to go on line before this summer. L. A. Hanna & Sons was also contracted to do rock well investigation.

This work along with other projects was halted because of the Board of Selectmen imposing a freeze on all spending.

Public Service Company assisted the crew by removing the electric motor with a small crane at No. 2 True Road pump station, to make necessary repairs.

The standpipe water tank on New Zealand Road was cleaned and painted. The letters "Seabrook, N.H." were painted on this tank and on our elevated tank on Route 286.

Again this year, we had no ban on our use of water. It was noted that many residents, in the summer months, were watering their lawns much of the daylight hours. This watering could be more effective if it is done in the evening when the sun is down; also, the lawn wouldn't have to be watered as long as the daytime watering. Water is a precious resource and it is everyone's responsibility to conserve.

Respectfully submitted,

Warner B. Knowles
Water Superintendent
